

IQAC

Jhargram Raj College

Academic Session 2020-2021

Action taken report of IQAC

Based on the feedback and its consequent analysis, it was felt that several issues needed attention in view of the extended lockdown and the immediate effects of college re-opening post lockdown. The IQAC suggested that during the time when the college operated on a mixed mode, a hygienic arrangement of food via the college canteen was made. In addition, sanitizer dispensing machines were installed in strategic locations of the college premises to ensure an overall well-being of the students and staff visiting the college. The PWD, under the suggestion of the college authority undertook necessary civil and electrical works to maintain the extant facilities and make them operational. The drinking water facilities were cleaned under the annual maintenance contract by the appropriate vendor. The laboratories of the Chemistry department were upgraded by installing a new LPG pipeline and the old dilapidated setup was written off. The IQAC ensured a dynamic website update in terms of the publication of notices, instructions and updates for the benefit of the students under the lockdown.

Principal, Jhargram Raj College

IQAC Coordinator, Jhargram Raj College
