SUMMARY REPORT OF THE IQAC DURING 2020-2021

1. The year of 2020-2021 was challenging in regard to sustaining the quality development efforts.
2. The IQAC continually motivated the faculty members to use the virtual platform of teaching.
3. The college and its functioning remained motivated through the IQAC and continued with development programs on an online/virtual mode.
4. A total of 16 teachers participated in Faculty Development Programs of varied types during this period.
5. The process of promotion of the teachers through the Career Advancement Scheme (CAS) could not be successfully accomplished for the lockdown. Additionally, the Directorate and the Department of Higher Education had to operate with below the optimum number of staff and had to stretch the administrative processes. However, the process of documentation related to the CAS-based promotion was carried out throughout the year.
