Thalassemia Awareness Programme and Detection Camp 2020

Organized by

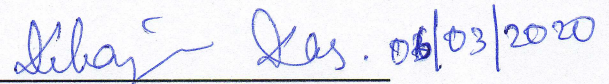

National Service Scheme (NSS) Cell

Jhargram Raj College

The **NSS Unit II** of Jhargram Raj College organized a **Thalassemia Awareness Programme and Detection Camp 2020** at the adopted village of the said unit 'Sevayatan' on **5th March, 2020**. Venue of this programme was Sevayantan Vidyalaya (H.S.). The programme was conducted by Paschim Medinipur Thalassemia Detection Society.

After the first period of this school the programme started around 11.30 am. Firstly Sri Amiya Dutta, officer of this society delivered his speech about thalassemia disease and the utility of this programme. The students (both boys and girls) from Class IX to Class XII was present in total programme with the Headmaster and Assistant Teachers of this school. More about 150 students attended the awareness programme. After speech 130 students participated in detection programme. Sri Amiya Dutta and Smt. Rimpa Das from the society conducted detection camp. Rest of participants were already detected previously. After the camp the detection officers, participants, teachers, volunteers took their lunch which provided by NSS Unit II, Jhargram Raj College.

The Programme Officer of Unit II Dr. Debanjan Das, Unit IV Sri Brahma Chaudhury and 10 volunteers from four units are totally arranged this programme successfully with the support of Officer-in-Charge, IQAC, NSS Cell Secretary and Pos of other units.
